Being an Effective Guardian

A Presentation for Families and Volunteer Guardians, Open to the General Public

Free of Charge

Effective guardianship requires blending knowledge of “nuts and bolts” administrative tasks with awareness of the social and emotional issues involved in the guardianship relationship. Speakers will discuss how to comply with the legal and financial duties of a guardian, including completing the mandated Annual Report. Information will be provided on advocating for the client, medical care, housing issues, self-determination, client resistance to assistance, and social/emotional concerns of the ward and guardian.

Featured Speakers

Hon. Susan Hoffman, Hunterdon County Surrogate
Ellen Nalven, Executive Director of PLAN/NJ
